

TECHNICAL ADVISORY COMMITTEE MEETING

CHARLOTTE COUNTY – PUNTA GORDA
METROPOLITAN PLANNING ORGANIZATION
Tel: (941) 883-3535

AGENDA

9:30 a.m., Wednesday, April 17, 2019

East Port Environmental Campus
Training Room B
25550 Harbor View Road
Port Charlotte, FL 33980

- 1. Call to Order & Roll Call**
- 2. Public Comments on Agenda Items**
- 3. Chair's Report**
- 4. Florida Department of Transportation (FDOT) Report**
- 5. Consent Agenda:**
 - A. Approval of Minutes: March 6, 2019 Meeting**
 - B. FY 2019/2020 Transportation Disadvantaged (TD) Planning Grant Agreement**
- 6. FY 2018/2019 – FY 2022/2023 Transportation Improvement Program (TIP) Amendment**
- 7. FY 2019/2020 – FY 2023/2024 Transportation Improvement Program (TIP)**
- 8. 2019 Project Priorities**
- 9. Long Range Transportation Plan (LRTP) Scope of Services**
- 10. Public Comments**
- 11. Staff Comments**
- 12. Member Comments**
- 13. Adjournment (NEXT MEETING – JULY 17, 2019)**

TECHNICAL ADVISORY COMMITTEE MEETING

CHARLOTTE COUNTY – PUNTA GORDA
METROPOLITAN PLANNING ORGANIZATION
9:30 a.m., Wednesday, April 17, 2019

No stenographic record by a certified court reporter is made of these meetings. Accordingly, anyone seeking to appeal any decisions involving the matters herein will be responsible for making a verbatim record of the meeting/testimony and evidence upon which any appeal is to be based. (F.S. 286.0105)

IN ACCORDANCE WITH THE AMERICANS WITH DISABILITIES ACT AND CHAPTER 286.26 FLORIDA STATUTES, PERSONS NEEDING SPECIAL ACCOMMODATIONS TO PARTICIPATE IN THIS PROCEEDING SHOULD CONTACT THE CHARLOTTE COUNTY-PUNTA GORDA METROPOLITAN PLANNING ORGANIZATION AT LEAST FORTY-EIGHT (48) HOURS PRIOR TO THE MEETING. CALL (941) 883-3535 BETWEEN 8:00 A.M. AND 5:00 P.M., MONDAY THROUGH FRIDAY.

The MPO's planning process is conducted in accordance with Title VI of the Civil Rights Act of 1964 and related statutes. Any person or beneficiary who believes he or she has been discriminated against because of race, color, religion, sex, age, national origin, disability, or familial status may file a complaint with the Charlotte County-Punta Gorda MPO Title VI Coordinator Wendy W. Scott at (941) 883-3535 or by writing her at 25550 Harbor View Road, Suite 4, Port Charlotte, FL 33980.

TECHNICAL ADVISORY COMMITTEE MEETING

CONSENT AGENDA # 5

APRIL 17, 2019
TECHNICAL ADVISORY COMMITTEE MEETING

AGENDA ITEM # 5-A
APPROVAL OF MINUTES: MARCH 6, 2019 MEETING

Purpose: To review and approve the Minutes of the previous Technical Advisory Meeting.

Agenda Item Presented by: MPO Staff

Discussion: To Be Determined

Recommendation: Motion to approve the Minutes of the Technical Advisory Committee Meeting of March 6, 2019

Attachment: Minutes of the March 6, 2017 Technical Advisory Committee Meeting

**CHARLOTTE COUNTY - PUNTA GORDA
METROPOLITAN PLANNING ORGANIZATION**

**MINUTES OF THE MARCH 6, 2019
TECHNICAL ADVISORY COMMITTEE (TAC) MEETING**

MEMBERS ATTENDING

Linda Sposito, City of Punta Gorda Public Works
Matt Trepal, Charlotte County Community Development
Ron Ridenour, Charlotte County Airport Authority
Venkat Vattikuti, Charlotte County Public Works
Don Scott, Lee County MPO
Rick Kolar, Charlotte County Transit Division

ADVISORY MEMBERS

Michael Tisch, FDOT Liaison

MEMBERS ABSENT

Sgt. Tom Scott, Charlotte County Sheriff's Office
Vacant, Southwest Florida Regional Planning Council (SWFRPC)
Tony Conte, Charlotte County Public Schools
Earl Hahn, DeSoto County
Chris Whittaker, City of North Port Planning and Zoning
Jerry Mallet, Charlotte County Emergency Management
Joshua Hudson, Charlotte County Economic Development
Mitchell Austin, City of Punta Gorda (Excused)

OTHERS IN ATTENDANCE

Gary Harrell, MPO Staff
Laks Gurram, MPO Staff
Wally Blain, Tindale-Oliver & Associates

1. Call to Order & Roll Call

Matt Trepal, TAC Vice-Chair, called the meeting to order at 9:40 A.M.

2. Public Comments on Agenda Items

There were no public comments on agenda items.

3. Florida Department of Transportation (FDOT) Report

Michael Tisch, FDOT stated the Public Hearing for the Harborview Rd is on Thursday, March 14, 2019 4 p.m., formal presentation at 5 p.m. at Charlotte County-Punta Gorda Metropolitan Planning Organization (MPO) Office at 25550 Harborview Road Port Charlotte, FL

4. Consent Agenda:

Approval of Minutes: TAC January 16, 2019 Meeting Amended Public Participation Plan (PPP)/Title VI Program

Matt Trepal suggested to highlight the changes from the last update which makes it easier for the members to go through the document.

Gary Harrell mentioned that Title VI is the new topic and mentioned few corrections to be made in the document.

No quorum was in attendance so agenda item number 4 was accepted with changes unanimously by the members present.

5. FY 2018/2019 –FY 2019/2020 Unified Planning Work Program (UPWP) De-Obligation/ Amendment

Gary Harrell stated the MPO is requesting to amend the FY 2018/2019 and FY 2019/2020 UPWP by de-obligating \$39,500 of unused Federal Planning (PL) funds from FY 2018/2019 that were not spent in the current fiscal year, so they are carried forward into the next fiscal year starting July 1, 2019. He further explained that the \$39, 500.00 to be de-obligated, will help fund an entry level planner position and a portion of the Long Range Transportation Plan (LRTP).

No quorum was in attendance so agenda item number 5 was accepted without changes unanimously by the members present.

6. 2019 Project Priorities – Discussion

Gary Harrell stated the MPO is required to annually develop a list of project priorities as part of the Transportation Improvement Program (TIP) process and to submit the list to FDOT. FDOT has asked that the initial priorities be submitted by February 1, 2019 to begin their review process. The project priorities must be approved and submitted to FDOT by July 1, 2019. The MPO receives project candidates from the City of Punta Gorda and Charlotte County which include Highway projects, Transportation Alternatives Program (TAP) projects, and Congestion Mitigation/Transportation System Management (CM/TSM) Box, and Transportation Regional Incentive Program (TRIP) projects.

Gary Harrell mentioned that the Project Priorities discussion has been moved earlier in the yearly cycle so Committee members can provide more detailed comments and feedback. He mentioned the number two project priority, US 41 at Carmalita St. Extension, has been funded as part of a resurfacing project with FPN # 441524 1. The number four MPO Highway project, North Jones Loop Road (Burnt Store Road to Piper Road) programmed for PD&E was deferred from FY 2019/2020 to FY 2020/2021.

Mike Tisch, FDOT responded to Gary Harrell question regarding the Jones Loop widening project. He mentioned that the FDOT Staff had discussions with Charlotte County and the MPO questioning the need for six-lanes. He mentioned that FDOT is looking for intersection improvements at various locations rather widening the roadway. Laks Gurram and Venkat Vattikuti stated that the project was identified needing six lanes in the 2040 LRTP based in part on development of a Development of Regional Impact (DRI) in the area. Matt Trepal stated that Committee members should be cautious of road widening before considering all multimodal improvements. Venkat Vattikuti stated Charlotte County would provide a project information sheet for the Jones Loop Road widening project as part of the application.

Venkat Vattikuti discussed the potential new projects to be funding under TRIP. He recommended the following projects to be added to the TRIP list

- Edgewater Drive/Flamingo Blvd. Extension from Midway Blvd. to SR 776 -TRIP
- Prineville from Paulson Drive to Hillsborough Blvd- TRIP

The other projects that were mentioned by not recommended for TRIP funding are:

- US 41 at Cornelius Blvd. and Hillsborough Blvd- Intersection Improvements
- Kings Highway from Sandhill Blvd. to the DeSoto County Line - TRIP

Gary Harrell discussed the new projects under the CM/TSM category:

- Intersection Modifications at State Road 31 and County Road 74 (aka Bermont Road)
- Turn Lanes at various intersections on State Road 776 between Flamingo Blvd and Riverwood Drive. The intersections are: SR 776 at Charlotte Sports Park; SR 776 at Biscayne Drive; SR 776 at Cornelius Blvd; SR 776 at Jacobs Street.

Gary Harrell asked the County Staff if a need for widening the SR 776 should be considered, Venkat Vattikuti mentioned that the County is focusing on intersection improvements rather road widening.

Gary Harrell discussed the TAP projects listed in priority order alternately between the City of Punta Gorda and Charlotte County. A discussion took place regarding the US 41 Mega side walk project on US 41. Laks Gurram mentioned that the portion of the US 41 sidewalk from Midway Blvd to Paulson Drive is not funded for Design in the same year as two segments: US 41 east from Melbourne St to Kings Hwy for Design that was deferred from FY 2021/2022 to FY 2022/2023; and US 41 east side from Midway Blvd. to Paulson Drive that is programmed for Design in FY 2019/2020 and FY 2021/2022. MPO Staff recommended to consider funding the sidewalk project from Midway Blvd to Paulson Drive in the same year as other two projects.

Laks Gurram stated that the projects added to the TRIP list will be discussed at the April 17, 2019 TAC meeting and the final entire Project Priority List is scheduled to be adopted at the May 6, 2019 MPO Board Meeting.

7. Draft Transportation Improvement Program (TIP) For Fiscal Year 2019/2020 – Fiscal Year 2023/2024

Rick Kolar informed the MPO Staff he was recently made aware of the need to Amend the TIP by adding Transit 5310 FTA programs for new transit building and operations. Gary Harrell stated that the MPO Staff intends to take these amendments to the May 6, 2019 MPO Board meeting.

Laks Gurram reviewed the draft version of the Transportation Improvement Program (TIP) document with the TAC Members. He described the material contained in each section is in the Draft form and required updated information from City of Punta and FDOT. He noted that a 30-day public comment period will be opened soon, and remarks will be placed in the document. He also informed the MPO Board will be adopting the TIP at the May 6, 2019 meeting.

7-A. 2045 Long Range Transportation Plan (LRTP)- Consultant Selection

Laks Gurram noted that since May 2016, the Charlotte County-Punta Gorda MPO has had contracts with three consultants to perform General Planning Consultant (GPC) services over the next three years. They are:

1. Kimley Horn & Associates.
2. Jacobs Engineering Group, Inc
3. Tindale-Oliver & Associates, Inc.

Recently, the Charlotte County-Punta Gorda MPO issued a request to these three GPC Consultants to prepare a “Task Approach” for the preparation of the MPO’s 2045 LRTP Update. MPO Staff provided copies of each GPC’s Task Approach to the GPC Review Committee for their assessment. Based upon review at the February 14, 2019 meeting, the Committee made a recommendation to select Tindale-Oliver & Associates (TOA) as the top ranked GPC consultant to perform the 2045 LRTP Update with an October 2020 adoption date. The MPO Board members will review the recommendation at the March 25, 2019 MPO Board Meeting. Once the MPO Board approves the GPC selection, negotiations will follow between the GPC and the MPO staff, so that final approval may be obtained at the May 6, 2019 MPO Board Meeting.

He further informed the TAC members that the MPO intend to kick off the 2045 LRTP either end of May 2019 or early June 2019.

No quorum was in attendance, so agenda item number 7-A was accepted and endorsed without changes unanimously by the members present.

7. Public Comments

There were no public present, therefore, no public comments.

8. Staff Comments

Laks Gurram distributed the 2015 DIRPM model schedule and the control totals for Charlotte County developed by the FDOT Consultant. He mentioned that the MPO Staff is verifying employment data with economic Development. He stated that the data is not the same when compared with other sources. He requested the TAC members review the data and provide feedback as necessary. Matt Trepal responded regarding the County's development of population data by Western Michigan University(WMU) which could be available for the LRTP Update.

9. Member Comments

Don Scott mentioned Senate Bill 7068 extending the Suncoast Parkway to Georgia, lengthening the main north-south turnpike to meet the Suncoast, and building a new turnpike connecting the Naples area to Interstate 4 in Polk County. Under the bill, construction would start by 2022 and the roads would open by 2030. He mentioned that the money comes from motor vehicle license taxes, but that money currently goes to the state's general revenue fund, the same pool that funds much of the school and hurricane recovery costs. He mentioned that US 17 is widening and underutilized and believes there is no reason of developing alternative routes in the region at this time.

10. Adjournment (NEXT TAC MEETING – April 17, 2019)

There being no further business, the meeting was adjourned at 11:45 a.m. The next regularly scheduled TAC meeting will be held on Wednesday, April 17, 2019 at the Eastport Environmental Campus, 25550 Harbor View Road, Port Charlotte in the Conference Room beginning at 9:30 a.m.

APRIL 17, 2019
TECHNICAL ADVISORY COMMITTEE MEETING

AGENDA ITEM # 5-B
TRANSPORTATION DISADVANTAGED (TD) PLANNING GRANT
AGREEMENT

Purpose: To recommend MPO Board approval of the execution of the FY 2019/2020 Transportation Disadvantaged Planning Grant Agreement

Agenda Item Presented by: MPO Staff

Discussion:

Annually, the Charlotte County-Punta Gorda MPO is eligible to receive Transportation Disadvantaged Planning Grant Funds to assist in its responsibilities under Chapter 427, *Florida Statutes* as the Official Transportation Disadvantaged Planning Agency for Charlotte County. The money comes from the Transportation Disadvantaged Trust Fund (TDTF) which was established to provide a dedicated funding source for the operational and planning expenses of the Florida Commission for the Transportation Disadvantaged (CTD) in carrying out its legislative responsibilities.

For the Fiscal Year 2019/2020, the planning grant allocation for the Charlotte County-Punta Gorda MPO is \$23,081 (subject to state legislative action). A resolution authorizing the execution of a Transportation Disadvantaged Trust Fund Grant Agreement with the Florida Commission for the Transportation Disadvantaged has been reviewed by the MPO Board Legal Counsel and is attached.

Recommendation: Motion to recommend the MPO Board approve MPO Board Resolution 2019-02 for signature by the MPO Chair and to authorize the MPO Director to execute the FY 2019/2020 Transportation Disadvantaged Planning Grant Agreement (including minor adjustments as required).

Attachment: MPO Board Resolution 2019-02

**RESOLUTION
NUMBER 2019-02**

A RESOLUTION OF THE CHARLOTTE COUNTY-PUNTA GORDA METROPOLITAN PLANNING ORGANIZATION AUTHORIZING THE EXECUTION OF A TRANSPORTATION DISADVANTAGED TRUST FUND GRANT AGREEMENT WITH THE FLORIDA COMMISSION FOR THE TRANSPORTATION DISADVANTAGED.

RECITALS

WHEREAS, the Charlotte County-Punta Gorda Metropolitan Planning Organization is eligible to receive a Transportation Disadvantaged Trust Fund Planning Grant and to undertake a transportation disadvantaged service project as authorized by Section 427.0159, Florida Statutes, and Rule 41-2, Florida Administrative Code.

NOW THEREFORE, BE IT RESOLVED, by the Charlotte County-Punta Gorda Metropolitan Planning Organization (MPO) that:

1. The MPO has the authority to enter into this grant agreement.
2. The MPO authorizes the MPO Director to execute the grant agreement on behalf of the MPO Board with the Florida Commission for the Transportation Disadvantaged.
3. The MPO authorizes the MPO Director to sign any and all agreements or contracts which are required in connection with the grant agreement.
4. The MPO authorizes the MPO Director to sign any and all assurances, reimbursement invoices, warranties, certifications and any other documents which may be required in connection with the agreement or subsequent agreements.

PASSED AND DULY ADOPTED this 6th day of May 2019.

APRIL 17, 2019
TECHNICAL ADVISORY COMMITTEE MEETING

AGENDA ITEM # 6
FY 2018/2019 – FY 2022/2023 TRANSPORTATION IMPROVEMENT
PROGRAM (TIP) AMENDMENT

Purpose: To consider recommending the MPO Board amend the FY 2018/2019 – FY 2022/2023 Transportation Improvement Program (TIP)

Agenda Item Presented by: MPO Staff

Discussion:

The MPO staff received a request from the Florida Department of Transportation (FDOT) to amend the Charlotte County-Punta Gorda MPO's FY 2018/2019 – FY 2022/2023 Transportation Improvement Program (TIP) to add two transit grants. The specific grants awards are:

FPN 441979-1: Charlotte County Transit FTA 5307 Small Urban Non-Budgeted, Capital Grant, FTA Funding \$724,817; Local Funding \$724,817 for FY 2019

FPN 438947-1: Charlotte County Transit 5310 FTA Operating Assistance for Charlotte County Transit, Operations Grant, Funding \$52,500; Local Funding \$52,500 for FY 2019

Recommendation: 1. Motion to recommend the MPO Board approve an Amendment to the Charlotte County-Punta Gorda MPO's TIP for FY 2018/2019 – FY 2022/2023 adding:

FPN 441979-1: Charlotte County Transit FTA 5307 Small Urban Non-Budgeted, Capital Grant, FTA Funding \$724,817; Local Funding \$724,817 for FY 2019

FPN 438947-1: Charlotte County Transit 5310 FTA Operating Assistance for Charlotte County Transit, Operations Grant, Funding \$52,500; Local Funding \$52,500 for FY 2019

Attachment: 1. FDOT letter dated March 28, 2019 Regarding: Request for Amendment to the Charlotte County/Punta Gorda Metropolitan Planning Organization's (MPO) FY 2018/98 - FY 2022/23 Transportation Improvement Program (TIP)

Mr. Gary Harrell, Executive Director
Charlotte County / Punta Gorda Metropolitan Planning Organization
25550 Harbor View Road, Suite 4
Port Charlotte, FL 33980-2503

RE: Request for an Amendment to the Charlotte County / Punta Gorda Metropolitan Planning Organization's FY 2018/19 – FY 2022/23 Transportation Improvement Program (TIP)

Dear Mr. Harrell:

This letter is a formal request for the Charlotte County / Punta Gorda Metropolitan Planning Organization (MPO) to approve the following amendment to the TIP as outlined in the table below at their May 6, 2019 MPO Board meeting. Financial Project Number (FPN) 441979-1 Charlotte County Transit FTA 5307 Small Urban Non Budgeted, and (FPN) 438947-1 Operating Assistance for Charlotte County Transit Division 5310. To receive federal funds for this project, this change is required to be amended in the MPO's FY 2018/2019 to FY 2022/2023 Transportation Improvement Program.

FPN Number	Federal Project Description	Phase Group	Amount	Funding Type	Fiscal Year	Comments
441979-1	Charlotte County Transit FTA 5307 Small Urban Non Budgeted	Operations Grant	\$724,817	FTA	2019	
		Operations Grant	\$724,817	LF	2019

AGENDA ITEM #7
DRAFT - FINAL FY 2019/2020 – FY 2023/2024 TRANSPORTATION
IMPROVEMENT PROGRAM (TIP)

Purpose: Recommend the MPO Board adoption of the Transportation Improvement Program (TIP) for FY 2019/2020 – FY 2023/2024

Presented by: MPO Staff

Discussion:

Federal and State legislation require MPOs to adopt a 5-year Transportation Improvement Program (TIP). The TIP outlines federal and state capital improvements for transportation and is a staged, multiyear, intermodal program of transportation projects that is consistent with the MPO Long Range Transportation Plan (LRTP). The Technical and Citizens' Advisory Committees formally review the development of the TIP.

The Charlotte County-Punta Gorda MPO Board is scheduled to review and adopt the TIP at the May 6, 2019 MPO Board Meeting. The Draft Charlotte County-Punta Gorda MPO TIP for FY 2019/2020 – FY 2023/2024 is Attachment 1. The MPO Board adopted the Project Priorities listed in this TIP on May 7, 2018.

The TIP requires an endorsement, stating the date of official MPO Board approval and verifying the TIP's consistency with federal and state requirements. An MPO Board Authorizing Resolution approving the TIP satisfies the endorsement and is included in the attached document.

The Sarasota/Manatee MPO and the Charlotte County-Punta Gorda MPO entered into an interlocal agreement formalizing and specifying regional planning projects and time frames to produce those projects. The Agreement calls for each MPO to identify regional priorities and include said projects in the respective MPO's TIP. Those priorities that were adopted last year are included, in accordance with the Interlocal Agreement in the TIP.

Recommendation: Motion to recommend the MPO Board adopt the Charlotte County-Punta Gorda MPO Transportation Improvement Program for FY 2019/2020 - FY 2023/2024, and Authorizing Resolution # 2019-03. The Motion should allow for transmittal of the document to FDOT, including the ability for staff to make minor changes and adjustments based on comments and input received.

**RESOLUTION
NUMBER 2019-03**

**A RESOLUTION OF THE CHARLOTTE COUNTY-PUNTA GORDA
METROPOLITAN PLANNING ORGANIZATION BOARD APPROVING
THE TRANSPORTATION IMPROVEMENT PROGRAM FOR FISCAL
YEAR (FY) 2019/2020 THROUGH FY 2023/2024.**

RECITALS

WHEREAS, the Charlotte County-Punta Gorda Metropolitan Planning Organization (“MPO”) is required by Section 339.175(8) (a) Florida Statutes to develop an annually updated Transportation Improvement Program; and

WHEREAS, the MPO has reviewed the proposed Transportation Improvement Program and determined that it is consistent with its adopted plans and programs; and

WHEREAS, the MPO has approved said Transportation Improvement Program for Fiscal Year 2019/2020 through FY 2023/2024 on May 6, 2019; and

WHEREAS, in accordance with the Florida Department of Transportation (FDOT) directive and procedures, the Transportation Improvement Program must be accompanied by an endorsement of the MPO Board indicating MPO Board approval of the Program.

NOW THEREFORE, BE IT RESOLVED, by the Charlotte County-Punta Gorda Metropolitan Planning Organization Board that the Transportation Improvement Program for FY 2019/2020 through FY 2023/2024 is hereby approved.

PASSED AND DULY ADOPTED this 6th day of May 2019.

SECTION - II

EXECUTIVE SUMMARY

The Transportation Improvement Program (TIP) is a staged, multi-year, intermodal program of transportation projects which is consistent with the Long Range Transportation Plan (LRTP), [23 Code of Federal Regulation [C.R.F.] Part 450]. The Metropolitan Planning Organization (MPO) through a continuing, comprehensive and cooperative effort develops the TIP which is a primary obligation of the MPO as required by 23 United States Code (U.S.C.) 134(j) and (k) (3) and (4); 23 C.F.R. Part 450 Sections 320,324,326,328,330, and 332; 23 C.F.R.500.109, 500.110, 500.111(congestion management) and subsection 339.175(6) and (8), Florida Statutes (F.S.), and the Fixing America's Surface Transportation Act (FAST-ACT). The FY 2019/2020 through 2023/2024 TIP includes: a resolution endorsing the plan by the MPO; executive summary; project location map; five year federally funded project lists including funding summary; local road project lists for five fiscal years; transit and transportation disadvantaged section; aviation section; and maintenance and transportation planning projects section; and a section for adopted amendments to the TIP.

Purpose. The purpose of the TIP is to provide a prioritized listing of transportation projects within Charlotte County and the City of Punta Gorda covering a period of five years that is consistent with the adopted Charlotte County-Punta Gorda LRTP. The TIP identifies all transportation projects funded by Title 23 U.S.C. and Title 49 U.S.C. The TIP contains all regionally significant transportation projects including highways, aviation, pedestrian and bicycle facilities, and transportation disadvantaged projects regardless of funding source. The costs are presented in "year of expenditure" (YOE) using inflation factors provided by FDOT, District One. The TIP ensures coordination for transportation improvements by local, state, and federal agencies.

Financial Plan. The TIP serves as a five-year [subsection 339.175(8) (1), F.S.] financially feasible program of improvements to all modes of transportation within Charlotte County and the City of Punta Gorda. The TIP is developed in cooperation with the Florida Department of Transportation (FDOT) and public transit operators [23 C.R.F. 450.324(a)]. The federally funded projects identified in the TIP can be implemented using reasonably expected current and proposed revenue sources based on the State Tentative Work Program and locally dedicated transportation revenues (see Table on page IV-2 and IV-3 that shows total funds and funding sources programmed by year). The TIP projects are financially constrained and able to be implemented for each year using Year of Expenditure (YOE) dollars. Year of Expenditure dollars are dollars that are adjusted for inflation from the present time to the expected year of construction. Planning regulations require that revenue and cost estimates in the TIP must use inflation or growth rate(s) to reflect "year of expenditure dollars," based on reasonable financial principles and information, developed cooperatively by the State, MPOs, and public transportation operators.

Project Selection. The TIP was developed per the federal and state TIP requirements in 23 C.F.R. 450.330(b) as designated in the MPO Program Management Handbook updated June 6, 2017 (revised April 26, 2018). It has been compiled from the FDOT Tentative Work Program, the individual Capital Improvement Programs (CIPs) and project priorities developed by Charlotte County, the Charlotte County public transportation operator in cooperation with the MPO, the City of Punta Gorda, the Charlotte County Airport Authority, and FDOT.

Consistency with Other Plans. The Charlotte County-Punta Gorda MPO was authorized in 1992 and adopted its first Long Range Transportation Plan in December of 1995. All projects listed in the current TIP are consistent with the current updated Charlotte County-Punta Gorda MPO 2040 Long Range Transportation Plan, the Charlotte County Comprehensive Plan (Charlotte 2050 adopted July 20, 2010), the City of Punta Gorda Comprehensive Plan 2025, the 2018 Charlotte County Airport Master Plan, the Charlotte County Ten Year Transit Development Plan and the Charlotte County-Punta Gorda MPO's Public Participation Plan (PPP). MPO plan details can be found on the MPO's website www.ccmpto.com.

Project Priorities. The MPO's priority listing of projects (Tables 1-6) was developed to provide FDOT with a sequence of projects for advancement in their Work Program as it is updated during the next Work Program development cycle. The MPO's priorities listed were adopted by the MPO Board on May 7, 2018 based on the LRTP Cost Feasible Plan for the 2040 horizon and recommendations from the MPO's Technical Advisory Committee (TAC), Citizens Advisory Committee (CAC) and Bicycle Pedestrian Advisory Committee (BPAC). The Congestion Mitigation/Transportation Systems Management (CM/TSM) is described in the MPO's 2040 LRTP, Chapter 8. The MPO's Congestion Management Process established in the 2035 LRTP, identified US 41 as the main congested arterial in Charlotte County. Based on a US 41 corridor study completed in 2009, certain US 41 intersections have been prioritized and programmed for funding with CM/TSM funds (Table 2). Upon completion of the US 41 intersection improvements, the Number One Congestion Management project is the Intelligent Transportation System (ITS) County-wide Master Plan Communications System. A quantitative roadway project prioritization process helped guide the selection of projects of the LRTP Cost Feasible Plan. The project selection criteria can be found in the Charlotte County-Punta Gorda LRTP Chapter 2 Table 2-2: 2040 LRTP Project Prioritization Evaluation Criteria (www.ccmpto.com). Project selection also factored in: Strategic Intermodal System (SIS) facilities, its connectors and other regionally significant facilities; community concerns; public involvement; and state comprehensive planning rules. These local criteria include urban service area strategies, hurricane evacuation, traffic circulation, environmental benefit, freight movement, right of way protection, and continuity of capital programming. TIP projects selected and programmed for funding are consistent with federal requirements and the FDOT's Tentative Work Program and are financially feasible for the appropriate funding categories. The numbered project priorities in the tables below represent the MPO's project priorities by project and the next phase of project implementation.

* US 41 Intersection Improvements recommendations are provided in FDOT Technical Memorandum FM No. 202081-1-12-02 PROJECT TRAFFIC REPORT FOR U 41 (SR 45) From the Peace River to SR 776 in Charlotte County, Florida dated June 2009 CH2M Hill: PE/ROW(if required)/Construction

Regional Multi-Modal Transportation System Project Priorities. Regional Multi-Modal Transportation System Project Priorities are included in accordance with the *Interlocal Agreement for Joint Regional Transportation Planning and Coordination*, with Sarasota/Manatee MPO and the Lee County MPO. The Joint Regional Multi-Modal Transportation System was developed using agreed upon criteria (i.e. SIS, Emerging SIS, SIS Connectors, principal roadways that connect non-SIS freight and passenger intermodal hubs, designated hurricane arterial evacuation routes, etc.) to identify regionally significant facilities. Charlotte County’s Regional Highway Project Priorities are noted as “Regional Project” in the “**Project**” column of Table 1 (above). Charlotte County Transportation Alternative Program (TAP) Regional Projects as required by FDOT District One directives were developed and are listed below in Table 3. The Regional Sarasota/Manatee MPO’s Project lists are listed below in Table 4 for Transportation Regional Incentive Program (TRIP) and TAP projects; and in Table 5 for the Regional Highway projects.

2018 TRANSPORTATION REGIONAL INCENTIVE PROGRAM (TRIP)
PROJECT PRIORITY LIST
CHARLOTTE COUNTY-PUNTA GORDA MPO - SARASOTA/MANATEE MPO

Priority Rank	Project	Jurisdiction	TRIP Funds Requested
1	River Road from U.S. 41 to north of West Villages Parkway	Sarasota County	\$5,000,000
2	Burnt Store Road (Phase II) from Tern Bay Terminus to Notre Dame Blvd Construction	Charlotte County	\$5,000,000
3	US 41 (14th St W) @ SR 70 (53rd Ave W) add separate westbound right turn lane	Manatee County	\$303,574
4	US 41 – Fruitville: replace existing traffic signal with a modern roundabout. The project will include pedestrian and transit improvements, lighting and landscaping.	City of Sarasota	\$5,500,000
5	US 41 @ Carmalita Street Extension making Carmalita St two way through the US 41 NB and SB lanes. Add traffic signals at both US 41 intersections; extend multi-use trail from Linear Park along US 41 SB to Carmalita St. and along Carmalita St to Taylor St. ROW/Construction	City of Punta Gorda	\$850,000
6	SR 684 (Cortez Rd) @ 34th St W extend eastbound right turn lane	Manatee County	\$303,574
7	SR 789 Complete Street Improvements (Anna Maria Island Multi-Use Trail) Complete Streets improvements from southern Holmes Beach limits to Marina Drive intersection	City of Holmes Beach	\$7,089,017
8	SR 789 Complete Street Improvements (Anna Maria Island Multi-Use Trail) Complete Streets improvements from Longboat Pass Bridge to 27 th Street North	City of Bradenton Beach	\$5,960,734

The Charlotte County-Punta Gorda MPO and Sarasota/Manatee MPO interlocal agreement for joint regional transportation planning and coordination, asks that FDOT attempt to award funding on an equitable basis among the three counties (Charlotte, Manatee and Sarasota) when funding new TRIP projects.

Adopted June 27, 2016			
2016 JOINT REGIONAL TRAILS PROJECT PRIORITY LIST			
CHARLOTTE COUNTY-PUNTA GORDA MPO - SARASOTA/MANATEE MPO			
Priority Rank	Project	Jurisdiction	RTAP funds Requested
1	Legacy Trail, Osprey Junction Trailhead (Legacy Trail at East end of Bay Street) Design and construct a 10-ft. wide multi-use trail connecting Legacy Trail to Osprey Park, including parking, restrooms and additional amenities.	Sarasota County	\$2,000,000
2	US 41 Sidewalks (Morningside Drive to Sarasota County), 8-foot sidewalk, PE/Construction). Next segment: a. US 41 East side (Conway Blvd to Midway Blvd.), 8-foot sidewalk, estimated cost \$1.88 Million	Charlotte County	\$1,880,000
3	Willow-Ellenton Greenway Multi-Use Trail from US 301 (Ellenton) to US 301 (Parrish) Design and construction of enhanced trail system for pedestrians and bicycles adjacent to the railroad tracks from Ellenton-Gillette Rd to Erie Rd.	Manatee County	\$10,399,451
4	US 41 Multi-Use Recreational Trail (MURT) Bridge Design and Construct bicycle/pedestrian bridge over Alligator Creek along US 41 MURT south of US 41 Burnt Store Road intersection.	City of Punta Gorda	\$1,600,000

Disclaimer : RTAP for 2019 is a working progress . This spreadsheet is subject to change.

TABLE 5: REGIONAL HIGHWAY TRANSPORTATION SYSTEM PROJECT PRIORITIES - SARASOTA/MANATEE COUNTIES:

**2040 LONG RANGE TRANSPORTATION PLAN (LRTP) COST FEASIBLE PRIORITIES
Regional Roadway Investments**

The regional roadway system includes roads that facilitate accessibility to the region's economic anchors, such as the downtowns, the port, and other key economic activity centers. These are the highest priority regional projects identified as financially feasible in the 2040 Long Range Transportation Plan (LRTP).

Regional Roadway Rank	Local Requesting Jurisdiction	Project/Facility	Limits	Description of improvement	Phase Requested	Performance Measure	
						Score	Rank
Advancing	Manatee County	15th St East/ 301 Blvd (Center)	Magellan Drive to 49th Ave E	Multi Modal Capacity	Right of Way	7.00	3
	Manatee County	15th St East/ 301 Blvd (North)	49th Ave E to US 41	Multi Modal Capacity	Right of Way	6.65	6
	Manatee County	15th St East/ 301 Blvd (South)	From Tallevast Rd to Magellan	Multi Modal Intersection Improvements	Right of Way	5.40	23
New	Sarasota County	TRIP: River Road (Phase 1)	US 41 to north of West Villages Pkwy	Multi Modal Intersection Improvements	Construction	5.70	20
	Sarasota County	River Road (Phase 2)	West Villages Pkwy to Center Road	Multi Modal Intersection Improvements	Right of Way	3.85	45
	Sarasota County	River Road (Phase 3)	Center Road to I-75	Multi Modal Capacity	Right of Way	3.75	48
	North Port	Price Boulevard	Sumter to North Port High School/ Heron Creek *	Multi Modal Capacity	Project Development & Environment	3.40	55

*Limit change requires LRTP amendment

Major Projects Implemented/In Progress/Delayed/Deleted/Added. The major projects in Charlotte County include the improvements of transportation facilities that serve the regional and transportation needs. The following major projects were listed in the previous FY 2017/2018 – FY 2021/2022 TIP. The status is identified as implemented, in progress, or delayed. Also noted are new projects in the FY 2018/2019 – FY 2022/2023 TIP.

Major Projects Implemented

1. Construction – I-75 add lanes from South of Harbor View Road to North of Kings Hwy FPN 4130432
2. Construction – I-75 from south of North Jones Loop Road to North of US 17 FPN 4130424
3. Construction – I-75 at Punta Gorda Weigh Station NB/SB Demolition/Rebuild FPN 4370011
4. PD&E – Harbor View Road from Melbourne to I-75 FPN 4349651
5. Construction - US 41 from Cross Street to Cochran Blvd resurfacing..... FPN 4313161
6. Construction – US 41 intersection improvement at Harbor View Rd/Edgewater Dr. FPN 4145222
7. Construction - US 41 from Enterprise Dr. to Sarasota County line add lanes..... FPN 4227102
8. Construction - US 41 intersection improvement at Kings Highway-Parmely..... FPN 4301201
9. Construction - US 41 intersection improvement at Olean Blvd FPN 4308951
10. Construction – US 41 Intersection Improvement at Murdock Circle FPN 4403591
11. Design – US 41 North Alligator Creek Pedestrian Bridge (SUN Trail) FPN 4402341
12. Design – US 41 from Carmalita St to Marion Ave traffic signals FPN 4406701
13. Design – US 41 Intersection Improvement at Hancock Ave FPN 4312191
14. Design – US 41 Intersection Improvement at Gardner Blvd. FPN 4349661
15. Design – US 41 Intersection Improvement at Conway FPN 4312181
16. Design – US 41 Intersection Improvement at Port Charlotte Blvd. FPN 4349451
17. Design – US 41 Sidewalk from Midway Blvd. to Enterprise Dr..... FPN 4353901
18. Design – SR 776 from North of Placida Rd/Pine St/CR 775 to Spinnaker Blvd. resurfacing FPN 4365971
19. Design – SR 776 from Spinnaker Blvd to Sunnybrook Blvd. resurfacing FPN 4394261
20. Design – SR 776 from Sunnybrook Blvd to Pinedale Dr. resurfacing FPN 4394251
21. Design – SR 776 Intersection Improvement from Willow Bend Dr. to Collingswood Blvd. (Safety) FPN 4383781
22. Construction - Edgewater Dr. from Midway Blvd to Harbor Blvd add lanes County Project
23. Construction – Placida Road bicycle-pedestrian path from Boca Grande Causeway to Rotonda Blvd. west County Project
24. Construction - US 41 Gateway Project Boardwalk FPN 4298201
25. Construction - Midway Blvd. from Sharp St. to Kings Hwy add lanes County Project
26. PD&E - US 41 at Carmalita St intersection Improvement FPN 4350991 *

* DELETED

Major Projects in Progress

1. Design - I-75 Rest Area in Charlotte County (Dual) FPN 4366021
2. ROW - Burnt Store Road add lanes and reconstruct from Zemel Rd to Notre Dame Blvd FPN 4353881
3. Design – US 41 lighting trail from Rio Villa Road, to Airport Road FPN 4349881
4. Construction – SR 35 (US 17) from Bermont Road to Pinegrove Circle resurfacing FPN 4365991
5. Design – Harborwalk Phase II West Retta Esplanade from Maude St to Berry St FPN 4381571
6. Construction – Landscaping I-75 at CR 776 (Harbor View Road) FPN 4411221
7. Construction – landscaping I-75 at Tucker’s Grade Interchange FPN 4419291
8. Construction – Bike Path/Trail pedestrian bridge at North Alligator Creek FPN 4402341
9. Construction – SR 776 Intersection Improvement from Flamingo Blvd. to Sam’s Club entrance (Safety) FPN 4383781
10. PD&E – Taylor road Sidewalk from US 41 to Airport Road FPN 4351051
11. Construction – US 41 Intersection Improvement at Hancock Ave..... FPN 4312191
12. Construction – US 41 Sidewalk from Midway Blvd. to Enterprise Dr. FPN 4353901
13. Construction - US 41 Intersection Improvement at Gardner Blvd. FPN 4349661
14. Construction – Lighting US 41 from Rio Villa Dr. to Airport Rd..... FPN 4349881

(MPO Priority #2)

Public Involvement. Charlotte County-Punta Gorda MPO's Public Participation Plan (PPP) stipulates requirements for TIP adoption, amending and setting project priorities taking into regard public comment and review. The Charlotte County–Punta Gorda MPO’s TIP as well as the PPP can be found on the MPO’s website at www.ccmpto.com . Techniques used to reach citizens include: sending agendas/announcements by mail and email to interested citizens from an MPO maintained contact database; advertising in local media and/or interviews with reporters; publishing an electronic newsletter; televising MPO Board meetings on the Charlotte County TV local government channel; advertising in local newspapers public meetings that are open for comments such as TAC, CAC, BPAC and MPO meetings. A Public Meeting is held prior to TIP adoption which is advertised at least 30 days prior to the Meeting for public comment. TAC, CAC, BPAC and MPO Meeting Agendas that include the draft TIP document and project priorities are made available for public review on the MPO’s website and distributed to area libraries and newspapers. Charlotte County- Punta Gorda MPO will provide an opportunity for the public to comment on each project in the TIP. Comments received on projects received during the TIP public comment period will be addressed at the MPO Board and will be included as part of the record of public comments for each provider. Public comments received during the adoption are listed in the Appendix to the TIP.

Previous Conforming Projects. In non-attainment and maintenance areas, the TIP must include either a list of all projects found to conform in the first three years of the previous TIP or reference the location in the accompanying Conformity Determination Report (CDR) where that list of conforming projects can be found. The Punta Gorda/Port Charlotte Urbanized Area is designated as an attainment area per the Environmental Protection Agency for which the National Ambient Air Quality Standards exist. Therefore, the conformance requirements do not apply and a CDR is not required prior to approval of this TIP.

Certification. On January 22, 2019 a joint certification review was conducted by FDOT and the Charlotte County-Punta Gorda MPO. Certification statement and certification checklists were completed. The FDOT and MPO Chairman recommended that the MPO Area Transportation Planning Process for Charlotte County-Punta Gorda MPO be certified.

SECTION IV

PROJECTS LISTING FOR FIVE FISCAL YEARS INCLUDING FUNDING SUMMARY

The table in this section consists of the highway capital improvement and transportation alternatives projects in the FDOT *Tentative Work Program* for fiscal years 2019/2020 through 2023/2024 as of February 14, 2018. Projects are arranged alphabetically by name of the road (when applicable) and then by the FDOT work program number. All projects are consistent, to the extent feasible, with approved local government comprehensive plans.

This section is designed to comply with the Moving Ahead for Progress in the 21st Century (MAP-21) and the Fixing America's Surface Transportation Act (FAST-ACT) requirements and federal guidelines. The first table in this section consists of a funding summary table which lists all transportation projects funded by Title 23, U.S.C., and the Federal Transit Act for fiscal years 2018/2019 through 2022/2023. In this table, funding levels are categorized into federal funding categories. In subsequent tables, projects are listed according to funding category along with the funding code and the appropriate fiscal year.

The Financial Summary Report below, and the corresponding Project Listings Report, includes both Federal Funds and the required match for the Major Funding Categories, but not necessarily the Total Project Costs. All other federally funded projects not included in the Funding Categories shown in this report, and the corresponding project listings report, are included in other parts of the TIP.

How to get full project costs and other project details:

Projects on the Strategic Intermodal System (SIS)

The SIS is a network of high priority transportation facilities which includes the State's largest and most significant commercial service airports, spaceport, deep-water seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and highways. In Charlotte County I-75 and US 17 are SIS facilities. The CSX Railroad, the Charlotte County Airport and SR 31 are classified as an emerging SIS. All projects on the SIS will have a SIS identifier on the project. The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project.

Costs on the TIP pages for projects on the SIS will have historical costs, five years of the current TIP and five years beyond the current TIP, which may or may not be the total project cost. The "Total Project Cost" amount displayed for each of the federal and state funded projects in the TIP represents 10 years of programming in the Florida Department of Transportation's (FDOT's) Work Program database for projects on the Strategic Intermodal System (SIS) (FY 2019 through 2028), and 5 years of programming in the FDOT Work Program for non-SIS projects (FY 2019 through 2023) plus historical cost information for all projects having expenditures paid by FDOT prior to FY 2019. For a more comprehensive view of a particular project's anticipated total project cost for all phases of the project please refer to the LRTP. If there is no Construction (CST) phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program. For costs beyond the ten-year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to the LRTP is www.ccmpto.com. The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details regarding the project in the LRTP. If there is no LRTP reference in the TIP, full project costs are provided in the TIP.

Non-SIS projects

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects not on the SIS will have historical costs and five years of the current TIP, which may or may not be the total project cost. If there is no CST phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program. Total project costs and other project details will be accessible in the TIP for all non-SIS projects in the TIP. All projects not on the SIS will have a Non-SIS identifier on the TIP page. For costs beyond the five-year window, access to the Long Range Transportation Plan (LRTP) is provided. The link to the LRTP is www.ccmppo.com. The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details regarding the project in the LRTP. If there is no LRTP reference in the TIP, full project costs are provided in the TIP.

TIP fiscal constraint-Projected available revenue

The TIP must be fiscally constrained; that is the cost of projects programed in the TIP cannot exceed revenues “reasonably expected to be available” during the TIP period. All federally funded projects must be in the TIP. Additionally, any non-federally funded but regionally significant project must also be included. In these cases, project submitters demonstrate that funding is available and what sources of non-federal funding are to be utilized. Projects must also be programed in the year of expenditure dollars, meaning that they must be adjusted for inflation to reflect the estimated purchasing power of a dollar in the year the project is expected to be built. The Table below is a five-year fund summary that demonstrates fiscal constraint showing the funding sources and their sum in the year of expenditure.

PERFORMANCE MEASURES

Transportation Performance Measures Consensus Planning Document

Purpose and Authority

This document has been cooperatively developed by the Florida Department of Transportation (FDOT) and Florida's 27 Metropolitan Planning Organizations (MPOs) through the Florida Metropolitan Planning Organization Advisory Council (MPOAC), and, by representation on the MPO boards and committees, the providers of public transportation in the MPO planning areas.

The purpose of the document is to outline the minimum roles of FDOT, the MPOs, and the providers of public transportation in the MPO planning areas to ensure consistency to the maximum extent practicable in satisfying the transportation performance management requirements promulgated by the United States Department of Transportation in Title 23 Parts 450, 490, 625, and 673 of the *Code of Federal Regulations* (23 CFR). Specifically:

- 23 CFR 450.314(h)(1) requires that “The MPO(s), State(s), and providers of public transportation shall jointly agree upon and develop specific written procedures for cooperatively developing and sharing information related to transportation performance data, the selection of performance targets, the reporting of performance targets, the reporting of performance to be used in tracking progress toward achievement of critical outcomes for the region of the MPO, and the collection of data for the State asset management plan for the National Highway System (NHS).”
- 23 CFR 450.314(h)(2) allows for these provisions to be “Documented in some other means outside the metropolitan planning agreements as determined cooperatively by the MPO(s), State(s), and providers of public transportation.”

Section 339.175(11), Florida Statutes creates the MPOAC to “Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law” and to “Serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes.” The MPOAC Governing Board membership includes one representative of each MPO in Florida.

- This document was developed, adopted, and subsequently updated by joint agreement of the FDOT Secretary and the MPOAC Governing Board. Each MPO will adopt this document by incorporation in its annual Transportation Improvement Program (TIP) or by separate board action as documented in a resolution or meeting minutes, which will serve as documentation of agreement by the MPO and the provider(s) of public transportation in the MPO planning area to carry out their roles and responsibilities as described in this general document.

Roles and Responsibilities

This document describes the general processes through which FDOT, the MPOs, and the providers of public transportation in MPO planning areas will cooperatively develop and share information related to transportation performance management.

Email communications will be considered written notice for all portions of this document. Communication with FDOT related to transportation performance management generally will occur through the Administrator for Metropolitan Planning in the Office of Policy Planning. Communications with the MPOAC related to transportation performance management generally will occur through the Executive Director of the MPOAC.

1. Transportation performance data:

- a) FDOT will collect and maintain data, perform calculations of performance metrics and measures, and provide to each MPO the results of the calculations used to develop statewide targets for all applicable federally required performance measures. FDOT also will provide to each MPO the results of calculations for each applicable performance measure for the MPO planning area, and the county or counties included in the MPO planning area.¹² FDOT and the MPOAC agree to use the National Performance Management Research Data Set as the source of travel time data and the defined reporting segments of the Interstate System and non-Interstate National Highway System for the purposes of calculating the travel time-based measures specified in 23 CFR 490.507, 490.607, and 490.707, as applicable.
- b) Each MPO will share with FDOT any locally generated data that pertains to the federally required performance measures, if applicable, such as any supplemental data the MPO uses to develop its own targets for any measure.
- c) Each provider of public transportation is responsible for collecting performance data in the MPO planning area for the transit asset management measures as specified in 49 CFR 625.43 and the public transportation safety measures as specified in the National Public Transportation Safety Plan. The providers of public transportation will provide to FDOT and the appropriate MPO(s) the transit performance data used to support these measures.

2. Selection of performance targets:

FDOT, the MPOs, and providers of public transportation will select their respective performance targets in coordination with one another. Selecting targets generally refers to the processes used to identify, evaluate, and make decisions about potential targets prior to action to formally establish the targets. Coordination will include as many of the following opportunities as deemed appropriate for each measure: in-person meetings, webinars, conferences calls, and email/written communication. Coordination will include timely

1 When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, FDOT will collect and provide data for the Florida portion of the planning area.

2 If any Florida urbanized area becomes nonattainment for the National Ambient Air Quality Standards, FDOT also will provide appropriate data at the urbanized area level for the specific urbanized area that is designated.

sharing of information on proposed targets and opportunities to provide comment prior to establishing final comments for each measure.

The primary forum for coordination between FDOT and the MPOs on selecting performance targets and related policy issues is the regular meetings of the MPOAC. The primary forum for coordination between MPOs and providers of public transportation on selecting transit performance targets is the TIP development process.

Once targets are selected, each agency will take action to formally establish the targets in its area of responsibility.

- a) FDOT will select and establish a statewide target for each applicable federally required performance measure.
 - i. To the maximum extent practicable, FDOT will share proposed statewide targets at the MPOAC meeting scheduled in the calendar quarter prior to the dates required for establishing the target under federal rule. FDOT will work through the MPOAC to provide email communication on the proposed targets to the MPOs not in attendance at this meeting. The MPOAC as a whole, and individual MPOs as appropriate, will provide comments to FDOT on the proposed statewide targets within sixty (60) days of the MPOAC meeting. FDOT will provide an update to the MPOAC at its subsequent meeting on the final proposed targets, how the comments received from the MPOAC and any individual MPOs were considered, and the anticipated date when FDOT will establish final targets.
 - ii. FDOT will provide written notice to the MPOAC and individual MPOs within two (2) business days of when FDOT establishes final targets. This notice will provide the relevant targets and the date FDOT established the targets, which will begin the 180-day time-period during which each MPO must establish the corresponding performance targets for its planning area.
- b) Each MPO will select and establish a target for each applicable federally required performance measure. To the extent practicable, MPOs will propose, seek comment on, and establish their targets through existing processes such as the annual TIP update. For each performance measure, an MPO will have the option of either³:
 - i. Choosing to support the statewide target established by FDOT, and providing documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) to FDOT that the MPO agrees to plan and program projects so that they contribute toward the accomplishments of FDOT's statewide targets for that performance measure.
 - ii. Choosing to establish its own target, using a quantifiable methodology for its MPO planning area. If the MPO chooses to establish its own target, the MPO will coordinate with FDOT and, as applicable, providers of public transportation regarding the approach used to develop the target and the proposed target prior to

³ When an MPO planning area covers portions of more than one state, as in the case of the Florida-Alabama TPO, that MPO will be responsible for coordinating with each state DOT in setting and reporting targets and associated data.

establishment of a final target. The MPO will provide FDOT and, as applicable, providers of public transportation, documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date when the targets were established .

- c) The providers of public transportation in MPO planning areas will select and establish performance targets annually to meet the federal performance management requirements for transit asset management and transit safety under 49 U.S.C. 5326(c) and 49 U.S.C. 5329(d).
 - i. The Tier I providers of public transportation will establish performance targets to meet the federal performance management requirements for transit asset management. Each Tier I provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date when the targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier I provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
 - ii. FDOT is the sponsor of a Group Transit Asset Management plan for subrecipients of Section 5311 and 5310 grant funds. The Tier II providers of public transportation may choose to participate in FDOT's group plan or to establish their own targets. FDOT will notify MPOs and those participating Tier II providers following of establishment of transit-related targets. Each Tier II provider will provide written notice to the appropriate MPO and FDOT when it establishes targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit-related performance targets. MPOs may choose to update their targets when the Tier II provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).
 - iii. FDOT will draft and certify a Public Transportation Agency Safety Plan for any small public transportation providers (defined as those who are recipients or subrecipients of federal financial assistance under 49 U.S.C. 5307, have one hundred (100) or fewer vehicles in peak revenue service, and do not operate a rail fixed guideway public transportation system). FDOT will coordinate with small public transportation providers on selecting statewide public transportation safety performance targets, with the exception of any small operator that notifies FDOT that it will draft its own plan.
 - iv. All other public transportation service providers that receive funding under 49 U.S. Code Chapter 53 (excluding sole recipients of sections 5310 and/or 5311 funds) will provide written notice to the appropriate MPO and FDOT when they establish public transportation safety performance targets. This notice will provide the final targets and the date the final targets were established, which will begin the 180-day period within which the MPO must establish its transit safety

performance targets. MPOs may choose to update their targets when the provider(s) updates theirs, or when the MPO amends its long-range transportation plan by extending the horizon year in accordance with 23 CFR 450.324(c).

v. If the MPO chooses to support the asset management and safety targets established by the provider of public transportation, the MPO will provide to FDOT and the provider of public transportation documentation that the MPO agrees to plan and program MPO projects so that they contribute toward achievement of the statewide or public transportation provider targets. If the MPO chooses to establish its own targets, the MPO will develop the target in coordination with FDOT and the providers of public transportation. The MPO will provide FDOT and the providers of public transportation documentation (typically in the form of meeting minutes, a letter, a resolution, or incorporation in a document such as the TIP) that includes the final targets and the date the final targets were established. In cases where two or more providers operate in an MPO planning area and establish different targets for a given measure, the MPO has the options of coordinating with the providers to establish a single target for the MPO planning area, or establishing a set of targets for the MPO planning area.

3. Reporting performance targets:

- a) Reporting targets generally refers to the process used to report targets, progress achieved in meeting targets, and the linkage between targets and decision making processes FDOT will report its final statewide performance targets to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as mandated by the federal requirements.
 - i. FDOT will include in future updates or amendments of the statewide long-range transportation plan a description of all applicable performance measures and targets and a system performance report, including progress achieved in meeting the performance targets, in accordance with 23 CFR 450.216(f).
 - ii. FDOT will include in future updates or amendments of the statewide transportation improvement program a discussion of the anticipated effect of the program toward achieving the state's performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.218 (q).
 - iii. FDOT will report targets and performance data for each applicable highway performance measure to FHWA, in accordance with the reporting timelines and requirements established by 23 CFR 490; and for each applicable public transit measure to FTA, in accordance with the reporting timelines and requirements established by 49 CFR 625 and 40 CFR 673.
- b) Each MPO will report its final performance targets as mandated by federal requirements to FDOT. To the extent practicable, MPOs will report final targets through the TIP update or other existing documents.
 - i. Each MPO will include in future updates or amendments of its metropolitan long-range transportation plan a description of all applicable performance measures

and targets and a system performance report, including progress achieved by the MPO in meeting the performance targets, in accordance with 23 CFR 450.324(f)(3-4).

- ii. Each MPO will include in future updates or amendments of its TIP a discussion of the anticipated effect of the TIP toward achieving the applicable performance targets, linking investment priorities to those performance targets, in accordance with 23 CFR 450.326(d).
- iii. Each MPO will report target-related status information to FDOT upon request to support FDOT's reporting requirements to FHWA.

c) Providers of public transportation in MPO planning areas will report all established transit asset management targets to the FTA National Transit Database (NTD) consistent with FTA's deadlines based upon the provider's fiscal year and in accordance with 49 CFR Parts 625 and 630, and 49 CFR Part 673.

4. Reporting performance to be used in tracking progress toward attainment of performance targets for the MPO planning area:

- a) FDOT will report to FHWA or FTA as designated, and share with each MPO and provider of public transportation, transportation performance for the state showing the progress being made towards attainment of each target established by FDOT, in a format to be mutually agreed upon by FDOT and the MPOAC.
- b) If an MPO establishes its own targets, the MPO will report to FDOT on an annual basis transportation performance for the MPO area showing the progress being made towards attainment of each target established by the MPO, in a format to be mutually agreed upon by FDOT and the MPOAC. To the extent practicable, MPOs will report progress through existing processes including, but not limited to, the annual TIP update.
- c) Each provider of public transportation will report transit performance annually to the MPO(s) covering the provider's service area, showing the progress made toward attainment of each target established by the provider.

5. Collection of data for the State asset management plans for the National Highway System (NHS):

- a) FDOT will be responsible for collecting bridge and pavement condition data for the State asset management plan for the NHS. This includes NHS roads that are not on the State highway system but instead are under the ownership of local jurisdictions, if such roads exist.

For more information, contact:

Mark Reichert, Administrator for Metropolitan Planning, Office of Policy Planning, Florida Department of Transportation, 850-414-4901, mark.reichert@dot.state.fl.us

Carl Mikyska, Executive Director, MPOAC, 850-414-4062, carl.mikyska@mpoac.org

SAFETY MEASURES (PM1)

Safety is the first national goal identified in the FAST Act. In March of 2016, the Highway Safety Improvement Program (HSIP) and Safety Performance Management Measures Rule (Safety PM Rule) was finalized and published in the *Federal Register*. The rule requires MPOs to set targets for the following safety-related performance measures and report progress to the State DOT:

- Fatalities;
- Serious Injuries;
- Nonmotorized Fatalities and Serious Injuries;
- Rate of Fatalities per 100M Vehicle Miles Traveled (VMT); and
- Rate of Serious Injuries per 100M VMT.

The 2016 Florida Strategic Highway Safety Plan (SHSP) is the statewide plan focusing on how to accomplish the vision of eliminating fatalities and reducing serious injuries on all public roads. The SHSP was developed in coordination with Florida's 27 metropolitan planning organizations (MPOs) through Florida's Metropolitan Planning Organization Advisory Council (MPOAC). The SHSP development process included review of safety-related goals, objectives, and strategies in MPO plans. The SHSP guides FDOT, MPOs, and other safety partners in addressing safety and defines a framework for implementation activities to be carried out throughout the State.

The Florida SHSP and the Florida Transportation Plan (FTP) both highlight the commitment to a vision of zero deaths. The FDOT Florida Highway Safety Improvement Program (HSIP) annual report documents the statewide interim performance measures toward that zero deaths vision. As such, the MPO is supporting the adoption of the FDOT statewide HSIP interim safety performance measures and FDOT's 2018 safety targets, which set the target at "0" for each performance measure to reflect the Department's goal of zero deaths.

The TIP considers potential projects that fall into specific investment priorities established by the MPO in the Long-Range Transportation Plan (LRTP). For the Charlotte County-Punta Gorda MPO this includes safety programs such as the Community Traffic Safety Team (CTST); the Safe Routes to Schools (SRTS) program; and the Congestion Management Process.

- Infrastructure examples: Installation of school flashing signals, roadway lighting, traffic calming.
- Behavioral safety examples: SRTS education/enforcement activities, pedestrian/bicycle safety education at schools and community events.

The TIP includes specific investment priorities that support all the MPO's goals including safety, using a prioritization and project selection process established in the LRTP. This process evaluates projects that have an anticipated effect of reducing both fatal and injury crashes. The MPO's goal of reducing fatal and serious injury crashes is linked to this investment plan and the process used in prioritizing the projects is consistent with federal requirements. The MPO will continue to coordinate with FDOT and transit providers to take action on the additional targets and other requirements of the federal performance management process.

PAVEMENT AND BRIDGE CONDITION MEASURES (PM2)

In January 2017, USDOT published the Pavement and Bridge Condition Performance Measures Final Rule, which is also referred to as the PM2 rule. This rule establishes the following six performance measures:

- Percent of Interstate pavements in good condition;
- Percent of Interstate pavements in poor condition;
- Percent of non-Interstate National Highway System (NHS) pavements in good condition;
- Percent of non-Interstate NHS pavements in poor condition;
- Percent of NHS bridges by deck area classified as in good condition; and
- Percent of NHS bridges by deck area classified as in poor condition.

For the pavement measures, five pavement metrics are used to assess condition: International Roughness Index (IRI); Cracking Percent; Rutting; Faulting; and a Present Serviceability Rating (PSR) for lower speed roads. The bridge measure assesses the condition of a bridge’s deck, superstructure, substructure, and culverts. Good condition suggests that no major investment is needed, and poor condition suggests major reconstruction investment is needed.

Pavement and Bridge Performance Targets

Federal rules require state DOTs and MPOs to set bridge and pavement performance targets and monitor progress towards achieving the targets. States must set four-year statewide targets for the percent of interstate pavements in good and poor condition; two-year and four-year targets for the percent of non-Interstate NHS pavements in good and poor condition; and two-year and four-year targets for the percent of NHS bridges by deck area in good and poor condition.

MPOs must set four-year targets for all six measures. MPOs can either agree to program projects that will support the statewide targets or set their own quantifiable targets for the MPO’s planning area.

FDOT set the following statewide targets on May 18, 2018:

Performance Measure	2-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2019)	4-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2021)
Percent of Interstate pavements in good condition	Not required	60%
Percent of Interstate pavements in poor condition	Not required	5%
Percent of non-Interstate NHS pavements in good condition	40%	40%
Percent of non-Interstate NHS pavements in poor condition	5%	5%
Percent of NHS bridges by deck area in good condition	50%	50%
Percent of NHS bridges by deck area in poor condition	10%	10%

In setting the statewide targets, FDOT considered several factors. The key considerations included:

- FDOT currently has the following conditions:
 - 66% of the Interstate pavements in good condition and 0.1% in poor condition;
 - 45% of the non-Interstate NHS pavements in good condition and 0.4% in poor condition;
 - 72% of NHS bridges by deck area in good condition and 1% in poor condition
- FDOT seeks to be conservative in its targets, while at the same time meeting the minimum condition requirements (no more than 5% of the Interstate System in poor condition and no more than 10% of NHS bridges by deck area in poor condition).

On July 30, 2018, the Charlotte County-Punta Gorda MPO Board agreed to support FDOT's statewide pavement and bridge performance targets, thus agreeing to plan and program projects in the TIP that will, once implemented, make progress toward achieving the statewide targets.

The Charlotte County-Punta Gorda MPO's TIP was developed and is managed in cooperation with FDOT, the City of Punta Gorda, Charlotte County, and the Charlotte County Airport Authority (CCAA). It reflects the investment priorities established in the 2040 Long Range Transportation Plan (LRTP). The focus of Charlotte County-Punta Gorda MPO's investments in bridge and pavement condition includes projects, programs that address system preservation/maintenance on the National Highway System (NHS) in the MPO area. The projects in the MPOs 2040 LRTP were selected through a project prioritization criterion. The criteria were adopted by the MPO Board in October 2015. I-75, US 41 and US 17 are Charlotte County roadways that are on the NHS system and SR 776 as a major arterial is also included in the selection process. Below are improvements that are recently completed or programmed in the TIP.

- I-75 widening in Charlotte County including reconstruction of existing roadway, adding capacity including bridges
- Resurfacing projects programmed on the NHS including US 41 and US 17. Project included adding bike lanes and intersection improvements.
- Resurfacing portions of SR 776.

The Charlotte County-Punta Gorda MPO's TIP has been evaluated and the anticipated effect of the overall program is that, once implemented, progress will be made towards achieving the statewide pavement and bridge performance targets.

SYSTEM PERFORMANCE, FREIGHT, AND CONGESTION MITIGATION & AIR QUALITY IMPROVEMENT PROGRAM MEASURES (PM3)

In January 2017, USDOT published the System Performance/Freight/CMAQ Performance Measures Final Rule to establish measures to assess passenger and freight performance on the Interstate and non-Interstate National Highway System (NHS), and traffic congestion and on-road mobile source emissions in areas that do not meet federal National Ambient Air Quality Standards (NAAQS). The rule, which is referred to as the PM3 rule, requires MPOs to set targets for the following six performance measures:

- Percent of person-miles on the Interstate system that are reliable, also referred to as Level of Travel Time Reliability (LOTTR);
- Percent of person-miles on the non-Interstate NHS that are reliable (LOTTR);
- Truck Travel Time Reliability index (TTTR);
- Annual hours of peak hour excessive delay per capita;
- Percent of non-single occupant vehicle travel (Non-SOV); and
- Total emissions reduction of on-road mobile source emissions.

In Florida, only the two LOTTR performance measures and the TTTR performance measure apply. Because all areas in Florida meet current NAAQS, the remaining three measures do not currently apply in Florida. A description of the applicable measures follows.

LOTTR Measures

The LOTTR performance measures assesses the percent of person-miles traveled on the Interstate or the non-Interstate NHS that are reliable. LOTTR is defined as the ratio of longer travel times (80th percentile) to a normal travel time (50th percentile) over of all applicable roads, between the hours of 6 a.m. and 8 p.m. each day. The measures are expressed as the percent of person-miles traveled on the Interstate or Non-Interstate NHS system that are reliable. Person-miles take into account the number of people traveling in buses, cars, and trucks over these roadway segments.

TTTR Measure

The TTTR performance measure assesses the reliability index for trucks traveling on the interstate. A TTTR ratio is generated by dividing the 95th percentile truck travel time by a normal travel time (50th percentile) for each segment of the Interstate system over specific time periods throughout weekdays and weekends. This is averaged across the length of all Interstate segments in the state or MPO planning area to determine the TTTR index.

System Performance and Freight Targets

Federal rules require MPOs to establish four-year performance targets for the LOTTR and TTTR performance measures, within 180 days of FDOT setting statewide targets. MPOs can either agree to program projects that will support the statewide targets or set their own quantifiable targets for the MPO's planning area.

FDOT set the following statewide targets on May 18, 2018:

Performance Measure	2-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2019)	4-year Statewide Target (Jan. 1, 2018 to Dec. 31, 2021)
Percent of person-miles on the Interstate system that are reliable (Interstate LOTTR)	75%	70%
Percent of person-miles on the non-Interstate NHS that are reliable (Non-Interstate NHS LOTTR)	Not Required	50%
Truck travel time reliability (TTTR)	1.75	2.00

In setting the statewide targets, FDOT considered several factors. The key considerations included:

- FDOT currently has the following conditions:
 - 82% of person-miles traveled on the Interstate that are reliable;
 - 84% of person-miles traveled on the non-Interstate that are reliable;
 - 1.43 truck travel time reliability index
- FDOT reviewed external and internal factors that may affect reliability, conducted a trend analysis for the performance measures, and developed a sensitivity analysis indicating the level of risk for road segments to become unreliable. One key conclusion from this effort is that there is a degree of uncertainty with the future performance of reliability.
- FDOT sought to be conservative in its targets and closely monitor its PM3 performance in the coming years.

On July 30, 2018 the Charlotte County-Punta Gorda MPO Board agreed to support FDOT's statewide system performance targets, thus agreeing to plan and program projects in the TIP that will, once implemented, make progress toward achieving the statewide targets.

The Charlotte County-Punta Gorda MPOs TIP was developed and is managed in cooperation with FDOT the City of Punta Gorda, Charlotte County, and the Charlotte County Airport Authority (CCAA). It reflects the investment priorities established in the 2040 LRTP. The focus of Charlotte County-Punta Gorda MPO's investments that address system performance and reliability include high crash corridors and congestion. In Charlotte County these corridors include US 41, SR 776, and US 17. Additionally, there are two high crash/congested interchanges on I-75 that were analyzed for improvements during the I-75 widening projects. These interchanges are at US 17 and I-75 and Kings Highway at I-75. The TIP and 2040 LRTP are focused on developing objectives that drive performance-based planning for responding to travel reliability. Some of the project selection measures in the TIP that reflect the performance measures are identified but not limited to the list below:

- Intersection improvements on NHS and Functionally Classified roads
- Monitoring roadways through annual Level of Service (LOS) analysis using traffic counts and other data constantly collected throughout the region
- Significant goods movement corridors are evaluated to address mobility needs of goods movement providers
- Investments in transit, bicycle, or pedestrian systems that are expected to promote mode shift are monitored and updated

The Charlotte County-Punta Gorda MPO TIP has been evaluated and the anticipated effect of the overall program is that, once implemented, progress will be made towards achieving the statewide LOTTR and TITR performance targets.

Transit Division

"To exceed expectations in the delivery of public services"

Transit Asset Management and Capital Asset State of Good Repair

Policy:

Charlotte County Board of County Commissioners-Transit Division, also, known as Charlotte County Transit (CCT) is committed to effectively managing its capital assets and maintaining its system in a State of Good Repair (SGR) to enhance safety, reduce maintenance costs, increase reliability and improve service delivery. This policy outlines the agency's approach to overall asset management, identifies responsibility for monitoring and administering the Transit Asset Management (TAM) Plan and is established to ensure compliance with federal laws and regulations including Moving Ahead for Progress in the 21st Century (MAP-21) and 49 U.S.C. Section 536.

For the purposes of complying with applicable federal regulations, CCT, as a Tier II provider (100 or fewer vehicles in peak revenue service), has developed a TAM plan which includes the following required elements:

1. An inventory of the number and type of capital assets that includes all capital assets owned by the agency except "non-service vehicle" equipment with an acquisition value under \$50,000.
2. A condition assessment of inventoried assets in a level of detail sufficient to:
 - a. Monitor and predict the performance of the assets
 - b. Inform the investment prioritization
3. A description of analytical processes or decision-support tools that allows CCT to estimate capital investment needs over time and develop an investment prioritization.
4. A project-based prioritization of investments, developed in accordance with CFR 49 Section 625.33.

The TAM plan sets the agency's overall asset management approach and provides direction for establishing transit asset management strategies and plans that are achievable with available funds. It has a four year planning horizon, will be reviewed annually and updated and revised as needed.

In accordance with the TAM Plan, CCT commits to:

1. Maintain an Asset Inventory that includes all vehicles, facilities and equipment used in the delivery of transit service.
2. Identify all safety-critical assets within the Asset Inventory and prioritize efforts to maintain those safety-critical assets in a state of good repair.
3. Clearly define ownership, control, accountability and reporting requirements for assets.

4. Set annual asset performance targets and measure, monitor and report on progress towards meeting those targets.
5. Base capital project prioritization and other asset management decisions on asset criticality, condition, performance, available funding and safety considerations using an evaluation of alternatives that considers full life cycle benefits, cost and risks.
6. Maintain the TAM Plan in coordination with safety policies and plans.
7. Meet applicable requirements for annual reporting to the National Transit Database (NTD).

The policy applies to all modes of service and will be managed by the Reporting Transit Operations Coordinator with assistance from the Maintenance Transit Operations Coordinators. The Senior Manager is responsible for carrying out CCT's transit asset management and state of good repair practices.

CHARLOTTE COUNTY TRANSIT TRANSIT ASSET MANAGEMENT PLAN

Introduction

The Board of County Commissioners-Transit Division, also known as Charlotte County Transit (CCT) is a small transit agency that provides limited bus service through out Charlotte County. This worksheet provides a straightforward, high-level and structured way to calculate the remaining useful life of the CCT. The performance targets below inventories all CCT transportation system assets \$50,000 and above. For the purpose of the Transit Asset Management Plan (TAMP) and to reduce duplication of effort, CCT adopted definitions already established by the Department of Transportation (DOT). The CCT's asset management objective is to meet the required level of services in the most cost effective manner through long-term management of assets for present and future.

Decision Support

Investment Prioritization

Maintain capital investment levels and develop requirements for long-term funding requirement as population and projects are completed. Transit Operations Coordinators use their best judgement to prioritize needs and update the Sr. Division Manager.

Decision Support Tools

The following tools are used in making investment decisions:

Process/Tool	Brief Description
Fleet replacement module	Automated spreadsheet to calculate required fleet purchase for each year for five years.
Transit Fleet Vehicles Service Report Excel Spreadsheet	Multiple spreadsheets with transit inventory conditions, performance and safety updates.
Capital Project Planning	Yearly and needed basis of management review of capital needs and budget.

Condition Assessment

Please see Appendix B (Asset Condition Data) for individual asset condition listing.

SECTION V

CHARLOTTE COUNTY CAPITAL IMPROVEMENTS PROGRAM

The adopted FY 2019 through FY 2024 Charlotte County Capital Improvements Program was developed in accordance with revisions to the state. Local Government Comprehensive Plan Chapter 163, Florida Statutes, 1985. The Capital Budget/CIP serves as the implementing mechanism of the Capital Improvements Element (CIE) of the Comprehensive Plan by providing capital funding for CIE projects directly linked to maintaining adopted levels of service. In doing this, the County continues with its development of comprehensively utilizing "level of service" standards to define community needs, and compare public facility plans, funding levels, and expected results. The County Capital Improvements Program can be expected to be a central part of this system.

SECTION VII

TRANSIT AND PLANNING PROJECTS

This section consists of the transit and transportation disadvantaged projects in the FDOT *Tentative Work Program* for fiscal years 2019/2020 through 2023/2024 as of February 14, 2019. These projects are consistent, to the extent feasible, with approved local government comprehensive plans. The Charlotte County-Punta Gorda MPO is the designated official planning agency for the transportation disadvantaged program while Charlotte County Transit is the Community Transportation Coordinator (CTC) for this program. As the CTC for Charlotte County, Charlotte County transit provides services under a memorandum of agreement with the Florida Commission for the Transportation Disadvantaged. Transportation disadvantaged program projects are provided for fiscal years 2019/2020 through 2020/2021.

AGENDA ITEM # 8
2019 PROJECT PRIORITIES

Purpose: To review and recommend to the MPO Board Project Priorities for possible inclusion in the Transportation Improvement Program (TIP) for FY 2020/2021 – FY 2024/2025

Agenda Item Presented by: MPO Staff

Discussion:

The MPO Board is required to annually develop a list of project priorities as part of the Transportation Improvement Program (TIP) process and to submit the list to FDOT. The MPO receives project candidates from the City of Punta Gorda and Charlotte County which include Highway, Transportation Alternatives Program (TAP), and Congestion Management/ Transportation System Management (CM/TSM) Box projects. Attachment 1 is the proposed 2019 Project Priorities list. The list also includes funding for 2050 Long Range Transportation Plan. These funds will supplement MPO Planning funds to cover cost increases for future planning activities.

Highway Projects

The current number one MPO Highway project priority, Burnt Store Road Phase II has been programmed with TRIP funds for Construction in the FY 2018/2019 cycle. The number two project priority, Harbor View Road, is currently undergoing a Project Development and Environmental (PD&E) Study programmed in FY 2016/ 2017, Design in FY 2019/2020 and Right-of -Way (ROW) phase in FY 2022/2023. The number three MPO Highway project, North Jones Loop Road (Burnt Store Road to Piper Road) programmed for PD&E was advanced from FY 2020/2021 to FY 2019/2020. The remaining unprogrammed projects are essentially requesting Complete Streets treatments. There were no Complete Streets projects programmed in the previous cycle. SR 776 improvements (6-laning) conducted a PD&E in 2014 with the recommendation of the No-build alternative as development has not been as rapid as forecast. The Study was postponed until the need for improvements are realized. After discussion at the March 6, 2019 TAC Meeting, the members recommended the following new project priorities.

- Edgewater Drive/Flamingo Blvd. Extension from Midway Blvd. to SR 776 -TRIP
- Prineville from Paulson Drive to Hillsborough Blvd- TRIP

Transportation Alternatives Program (TAP) Projects

TAP projects are generally listed in priority order alternately between the City of Punta Gorda and Charlotte County. Charlotte County's number one Project Priority, a Multi-use Trail on Taylor Road from U.S. 41 (south) to Airport Road, is undergoing Project Development and Environmental (PD&E) Study. The project was divided into two

segments with the first segment from Jones Loop Road to Airport Road programmed for Design in FY 2023/2024. The second segment of multi-use trail listed as the number two TAP Project Priority, is from US 41 (South) to Jones Loop Road. It is not programmed for any phase beyond the PD&E. The number three TAP Project Priority is a Multi-use trail on the East side of US 41 from Conway Blvd. to Midway Blvd programmed for FY 2022/2023. Two other segments for US 41 sidewalks are programmed for Design. They are US 41 east side from Melbourne St to Kings Hwy in 2022/2023; and US 41 east side from Midway Blvd. to Paulson Drive/Enterprise Drive in 2019/2020 and 2021/2022.

Congestion Management/ Transportation System Management (CM/TSM)

Charlotte County has submitted two new projects to the CM/TSM category:

- a. Intersection Modifications at State Road 31 and County Road 74 (aka Bermont Road)
- b. Turn Lanes at various intersections on State Road 776 including Flamingo Blvd and Riverwood Drive. The other intersections are: SR 776 at Gulfstream Blvd, SR 776 at Charlotte Sports Park, SR 776 at Biscayne Drive, SR 776 at Cornelius Blvd, SR 776 at Jacobs Street.

The Number One Congestion Management project is the Intelligent Transportation System (ITS) County-wide Master Plan Communications System. It is funded for Design in FY 2022/2023. Based on previous MPO Board action, the CM/TSM Box funding has been programmed for intersection improvements on US 41. The next intersections to be programmed for Design/Construction are US 41 at Easy St, US 41 at Forrest Nelson Blvd/Crestview Circle, and US 41 at Carousel Plaza. The Community Traffic Safety Team (CTST) recommended the US 41 intersection improvements be prioritized before the recently added SR 776 intersection improvements.

Transportation Regional Incentive Program (TRIP)

FDOT did not program any TRIP funds for FY 2019/2020 towards Construction for Burnt Store Road Phase II, from North of Zemel Road to Notre Dame Blvd. Charlotte County is requesting continued funding for Construction (Attachment 2), as well as adding the two projects discussed under “Highway Projects.”

Recommendations: 1. Motion to recommend the MPO Board adopt the identified 2019 Transportation Improvement Program (Highway, TAP and CM/TSM Box) Project Priorities for the upcoming FDOT Draft Tentative Work Program Cycle

Attachments: 1. DRAFT 2019 Charlotte County-Punta Gorda MPO FY 2020/2021 – FY 2024/2025 Project Priorities

APRIL 17, 2019
TECHNICAL ADVISORY COMMITTEE MEETING

AGENDA ITEM # 9
DRAFT-2045 LONG RANGE TRANSPORTATION PLAN (LRTP) SCOPE OF SERVICES

Purpose: To endorse the Draft 2045 LRTP Scope of Services to undertake the MPO's 2045 Long Range Transportation Plan (LRTP) Update and recommend the MPO chair sign the Work Assignment Order

Agenda Item Presented by: MPO Staff

Discussion:

At their March 25, 2019 MPO Board Meeting, the Board members approved Tindale - Oliver & Associates as the firm to undertake the MPO's 2045 LRTP Update and authorize the MPO chair to sign the Work Assignment Order. Since that action was taken, the MPO staff has been working with the LRTP Review Committee, FDOT and Tindale-Oliver & Associates to develop a Scope of Services to accomplish the MPO's 2045 LRTP Update. The Draft Scope of Services and Work Order Assignment are currently in progress. Staff expects those products to be ready for review before the TAC/CAC meetings and will be provided to the committees in a separate correspondence.

Recommendation: When received, endorse the Draft 2045 LRTP Scope of Services with the selected consultant; and recommend the MPO Chair sign the Work Assignment Order

Attachment: To be provided in a separate correspondence
